ADAC GT Masters

- About ADAC GT Masters:
 - The ADAC GT Masters competed its debut season in 2007 and as „dream car league” immediately won the hearts of the fans. No wonder since the brands represented read like the ‘Who’s who’ of automobile racing: Alpina-BMW, Aston Martin, Audi, BMW, Corvette, Ferrari, Ford GT, Lamborghini, McLaren, Mercedes and Porsche.
 - The original idea that it is not the manufacturers themselves but in fact dedicated privateer teams that enter the GT cars, some of which produce significantly more than 500 hp, has also remained. This concept demonstrated its loyalty to the ADAC GT Masters.
